

Gracias a la gestión del trabajo interdisciplinario de estos dos equipos, dirigidos por los ingenieros Enrique Londo y Eduardo Pérez Cárdena, con la colaboración de Patricia Sánchez y María Eugenia Lugo.

Recuperar para el público la costa y los espacios verdes

Threats to the environment are the subject of the 1992 UN Conference on Environment and Development, the 'Earth Summit' and the 'Agenda 21' plan of action. The summit was held in Rio de Janeiro, Brazil, in June 1992, and was attended by 178 countries. The summit was the first time that all the world's major powers met to discuss the environment. The summit was a landmark event in the history of international environmental law. It was the first time that all the world's major powers met to discuss the environment. The summit was a landmark event in the history of international environmental law. It was the first time that all the world's major powers met to discuss the environment.
